

2016 VIRGINIA COTTON TWILIGHT TOUR

VIRGINIA TECH TIDEWATER AGRICULTURAL RESEARCH AND EXTENSION CENTER

RSVP TO GAIL WHITE BY EMAIL : GUWHITE@VT.EDU
OR BY PHONE: (757) 657-6450 EXT. 430

The tour will be in a different format than in past years. Attendees will be able to choose what trials they want to evaluate in a self-guided tour. Plots will be labeled and attendees are encouraged to walk through fields. Booklets will be available that map experiment locations, provide a brief description of each experiment and list of treatments. Faculty and graduate students will be at each stop to answer questions. The topics of research will be:

- Weed management
- Disease management
- Insect pest management
- Cover crops for nitrogen fixation
- Cotton variety evaluation
- Tillage systems in cotton
- Sulfur fertility in cotton systems
- Potassium management
- Evaluation of agronomic inputs

DATE: AUGUST 31, 2016

TIME: 4-6 PM

Event will be held at 1045 Hare Rd, Suffolk, VA 23437.

Dinner will be provided after the tour. Please RSVP Gail White by phone or email (757) 657-6450x430
