

Tobacco GAP Recordkeeping Using FarmLogic

10 a.m. Wednesday, November 5, 2014

**Southern Piedmont Center
2375 Darvills Road
Blackstone, VA**

The US Tobacco GAP program has placed much emphasis on accurate detailed recordkeeping. These records can be recorded in multiple ways that provide the minimum requirements outlined in the GAP recordkeeping notebook. FarmLogic is an example of a computerized system that has been adapted to meet the recordkeeping needs of tobacco growers.

This meeting is intended for both current FarmLogic users and growers that may be interested in exploring this option.

Lunch will be served

A FarmLogic representative will explain their computerized system, provide examples of the use of the system for tobacco recordkeeping, and will be available to meet with growers individually

Please contact Margaret Kenny at the Southern Piedmont Center (434-292-5331) to register.

If you are a person with a disability and desire any assistive devices, services, or other accommodations to participate in this activity, please contact Betty Mayton or Margaret Kenny (434) 292-5331 during business hours (M-F: 7:30 am to 4:30 pm) 3 days prior to the event to discuss accommodations.
