

Dealers/Growers/Applicators,

We would like to announce our Wednesday, January 31 AUXIN training for Southeast Virginia. This training is designed to serve as the required mandatory dicamba or auxin-specific training for 2018. We will plan a follow up session in February, if needed.

This training applies to use of:

Monsanto's XtendiMax® herbicide with VaporGrip® Technology
DuPont™ FeXapan™ herbicide plus VaporGrip® Technology
BASF's Engenia® Herbicide

Please pass these details along to anyone interested in being certified to apply these dicamba herbicides this year. This is a **NEW DICAMBA TRAINING REQUIREMENT** for 2018. **Remember, all individuals who spray these products MUST be certified. If you sit in the sprayer, you must be certified!**

You can **PRE-REGISTER** for training at

<http://www.cvent.com/d/ntqfxn/4W> - Morning Session

<http://www.cvent.com/d/ntqfxn/4W> - Afternoon Session

WE HIGHLY RECOMMEND TAKING ADVANTAGE OF THE PRE-REGISTRATION PROCESS, SEATING IS LIMITED!
